Helping the Party.

In the days gone by, a Detroit sheriff who had a close shave of being elected, had the ill-luck to lose a prisoner from the jail. The fellow made good his escape to the country, but the sheriff overhauled him about eight miles out, and drove him under a barn. The prisoner was captured, and yet he was not. If he could not get out, the sheriff could not get in, and threats had no effect on him. In this emergency the officer called out:

"Say, Jim!"

"Yes."

"You know I had a mighty close shave getting the office?"

"You did that."

"Well, I am laying my pipes for a second term. If I lose you I might as well hang up. The opposition will hold it up in letters four feet high, and hundreds of men in my own party will slip my name. Do you hear me?"

"I do."

"Well, I ask you to come out, not exactly as a prisoner going back to jail, but more as a patriot bound to stand by his party. Come, Jim."

"I'll be hanged if I don't," replied the prisoner. "The judge was against me, my sentence was unjust, and I hate your jail, but if it's going to help the party and crush the hydra-headed opposition, out I come."

There was an odd ending to an Indiana divorce suit the other day. At the trial both parties were present, but the woman, who was the defendant, made no defense, and the former decree separating the pair was entered. Then the ex-husband and wife went into a corner of the room together, where they soon began to cry and hug and kiss each other in the most energetic manner. These proceedings were continued until the Judge interrupted the couple by saying that he thought from the symptoms that they could live together, after which he ran his pen through the decree, summarily making them one again. It was only an aggravated case of mother-in-law.

A duel was fought lately in Texas between Alexander Shott and John Nott. It was rumored that Nott was shot and Shott was not. (If so, it was better to be Shott than Nott.) But it was afterward proved that the shot Shott shot at Nott shot Shott by accident, and the shot Nott shot at Shott shot past, and so shot him not. Thus the affair resolved itself into its original elements, and Shott was shot and Nott was not.

If you don't believe advertisements are read, put one line in the furthest corner of any first-class daily. That line to have its full and immediate effect, should be: "Wanted—A yellow dog. Good price paid."

AYER'S HAIR VIGOR.

For Restoring Gray Hair to its Natural Vitality and Color.

Advancing years, sickness, care, disappointment, and hereditary predisposition, all turn the hair gray, and either of them incline it to shed prematurely.

AYER'S HAIR VIGOR, by long and extensive use, has proven that it stops the falling of the hair immediately; often renews the growth; and always surely restores its color, when faded or gray. It stimulates the nutritive organs to healthy activity, and preserves both the hair and its beauty. Thus brassy, weak or sickly hair becomes glossy, pliable and strengthened; lost hair regrows with lively expression; falling hair is checked and established; thin hair thickens; and faded or gray hairs resume their original color. Its operation is sure and harmless. It cures dandruff, heals all humors, and keeps the scalp cool, clean and soft—under which conditions diseases of the scalp are impossible.

AS A DRESSING FOR LADIES' HAIR,
The Vigor is praised for its grateful and agreeable perfume, and valued for the soft luster and richness of tone it imparts.

PROSPECTUS

—OF THE—

NEVADA ARTESIAN WELL COMPANY.

THE NEVADA ARTESIAN WELL Company has been organized to thoroughly test the practicability of obtaining an

Abundant Supply of Water

From Artesian Wells in this county. It is an experiment that no one or half a dozen persons wish to undertake themselves, on account of the expense and hazard, but all are directly interested in the test. If it shall prove to be a success, the benefits will be incalculable to the whole county. If all the farmers, stock-men and business men of this county will take a few shares, the enterprise can proceed; and if it should be a failure, the pecuniary loss would be felt by no one.

THE COMPANY PROPOSES

To sink the first well at or near Winnemucca, with a view of supplying this town and its mills with an abundant supply of water. If such supply shall be found, the stock will sell at a premium at once.

The capital stock of the company is \$20,000, divided into

Twenty Thousand Shares, OF ONE DOLLAR EACH.

If the whole stock is subscribed, it is confidently believed that it will not be necessary to call in more than 25 per cent.

It is the design of the company to

SINK AT LEAST 1,000 FEET,

If found necessary. After the first well is completed,

Other Wells Will Be Sunk,
At any point or points that may be deemed advisable.

THE SUBSCRIPTION BOOK

Will be open until the 1st day of December, 1881, at the office of the Secretary, R. W. WOOD.

The Trustees will not call in over 15 per cent. of the subscription per month. The first call will not be made for a month or two. In the meantime the Trustees will thoroughly test themselves as to the necessary and best machinery, and otherwise mature their plans.

After a depth of 500 feet is attained, it is provided by statute that the county shall pay out of the General Fund two dollars a foot for each additional foot.

We hope that no business man in the county will fail to subscribe. They can do so by applying to the Secretary, in person or by letter.

Correspondence with Artesian Well Bore solicited.
